# THE BOATHOUSE

SILVERSANDS, ABERDOUR, SCOTLAND

Fifteen years of designing, preparing and facilitating meetings and workshops provides a unique perspective on what is required for their success. The Boathouse, a contemporary meeting facility, combines this expertise with an inspirational location and is now available for your private hire.

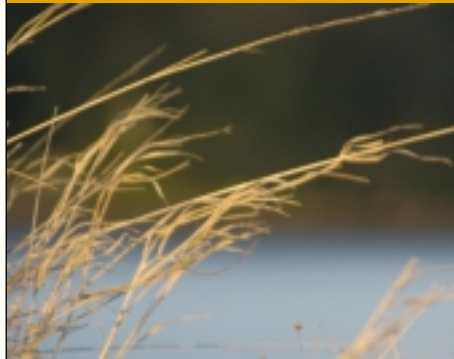

In the world today, when everything around us is changing, many people spend a significant proportion of their time in meetings. Planning this time for maximum impact often involves taking time out of the office. Why not take this time in a venue which is specifically designed to ensure your success?

## HIRING THE BOATHOUSE

The Boathouse is available for exclusive hire. This ensures your privacy and the availability of a range of flexible facilities for you to have a successful meeting.

There are a number of rooms and spaces which can be tailored for anything from a formal presentation to a group of 40, through to breakout work groups; from casual seating for informal conversations through to private pods for one-on-one conversations or interviews. Our library also offers space for quiet personal reflection and planning.

CONFERENCE ROOM

*In addition to dedicated meeting facilities, the Boathouse is equipped with the latest digital technology including wireless internet access, projection and conference calling. Filming and video editing can be carried out on site. We also have flipcharts, pinboards and graphic materials which support groups to collaborate and work creatively.*

*To encourage creativity, awareness and understanding the Boathouse has a collection of original artwork for you to enjoy; or take a walk along Silversands beach.*

THE BOATHOUSE

# THE ROOMS

PROJECT ROOM

LOUNGE

LIBRARY

All of our meeting rooms have natural daylight and flexible furnishings which can be set out to your specific requirements.

### Conference Room (13m x 8.5m)

Our main conference room is a large, airy space that can be adapted to suit meetings ranging from a handful of people to 40. The walls in this room are covered with pinboard, for displaying your work and other material during your sessions. Undoubtedly the focal point of this room is the balcony which looks out over the estuary and to Inchkeith.

### Meeting Room (9m x 5.5m)

Our second room can comfortably accommodate groups of 15 people, for workshops or training. Located on the ground floor of The Boathouse, this room has direct access onto the shore.

### Library

On the second floor of The Boathouse we have a peaceful room that we use for coaching. Although not designed as a meeting room, this can be used for small groups of 3-4 people.

### Project Room (8m x 5.5m)

Our second floor Project Room is designed for use as a collaborative space, where teams can work through issues in detail. This is a great space for breakout sessions too.

### Syndicate Room (5.5m x 4m)

The Syndicate Room is a quiet room, ideal for breakout sessions as well as for confidential conversations. This room accommodates up to 8 people, and is located on the ground floor of The Boathouse.

### Meeting Pods and Breakout Area

Also on the ground floor are an additional breakout area and two meeting pods which are perfect for teleconferences or focused working sessions between 2-4 people. The pods are equipped with a conference phone as well as regular phones.
